The details of the special work entitling these ten patels to such certificates of honour may be obtained & their claims adjudged

S i r,

With reference to your letter No. 2828/Sanity 15-12-9 dated 4th October 1912, requesting to state the details of special work if any, rendered by the Patels referred to in this office No. 159 dated 16th September 1912, I have the honor to state that having regard to the circumstance that in such a crisis as the out-break of Cholera in an epidemic form when even the nearest relations of the patients were shrinking to approach them for fear of endangering their own lives that the patels whose names have been recommended for the grant of certificates came forward boldly in affording relief to the Cholera — stricken people and helped to nurse them and cordially co-operated with the authorities in suppressing the disease speaks well for these Patels. I consider it commendable on their part and especially deserving of recognition and encouragement. If other Patels always acted in a similar spirit, the task of the authorities during times of Plague and Cholera would be so very much lightened and the townspeople benefited to a large extent.

2. If Government have no objection to regard their services in the above light, the recommendation made on their behalf may kindly be approved and sanctioned.

I have the honor to be,
S i r,
Your most obedient servant,

President, District Board,
